

Non-Toxic,

Food Grade Ingredients

Purpose: This product is a one step plant leaf and stem cleaner. It will keep plant leaves and stems in show room condition. Leaves look naturally clean and healthy.

Directions for Indoor Gardeners:

1. Water the growing media until soaking wet with good runoff appears.
2. Shake this bottle thoroughly before adding its contents to water.
3. Turn main lighting OFF. Spray in low light then turn all lighting OFF until Rx10 has completely dried.

Directions for Outdoor Gardeners:

1. Saturate the growing media with water.
2. Shake this bottle thoroughly before adding its contents to water.
3. Spray on leaves and stems just before sundown.

Application Rates:

Plant Leaf Spray: Mix 1 fluid ounce Rx10 into 31 fluid ounces of water. Three (3) applications to totally dislodge dirt and grime may be needed. Each application should be three days apart. Not meant for continuous use. May be used on the day of harvest.

Garden Surfaces: Mix 1 fluid ounce Rx10 into 31 fluid ounces of water. Spray as needed.

Do not mix with or spray on top of Pyrethrin based insecticides

Active Ingredients **By Weight**
Water.....95%

Inert Ingredients
Proprietary Wetting Agent.....5%
Total: **100.00%**

Storage: Store concentrate (in original container) and dilute spray (in clearly marked bottle) in a cool location, out of direct sunlight. Store in a location away from children and pets. Shelf life is 2 years. If bottle swells, loosen cap to relieve pressure. Then fasten cap securely.

Disposal: Dilute and pour the unused Rx10 around trees and shrubs. Rinse bottle and recycle.

Caution: Keep out of reach of children. The contents of this bottle are highly concentrated. Do not ingest. In case of contact with eyes, rinse with water. If irritation should occur seek medical attention. Use only as directed. Buyer assumes all liability when not used as directed.
