See back panel for first aid

Active Ingredients	By Weight
Indole-3-butyric acid	00.133%
1-Naphthalene acetic acid	00.076%
Other Ingredients	99.791%
Total	100.000%

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Ready to use. Do Not Dilute. Take a cutting from the plant. Pour Vita Grow Ready To Use Solution into a small container. Dip the stem into the solution to the desired rooting depth. Make sure at least one node is without a leaf is submerged into the compound for 5 to 15 seconds for softwood and 10 to 30 seconds for hardwood. Place the treated cutting into moist propagating media. For propagating areas without an automatic watering/humidity control system, try to keep your cuttings in a climate bottom heated to 70-75 degrees F, with high humidity, and where the air is circulating. When propagating a small amount of cuttings use a cutting tray with a clear cover. Mist plants with water once or twice a day or use Vita Grow Ready To Use Anti Wilt.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage and disposal. **STORAGE:** Store at room temperatures. Keep out of direct sunlight. Place in a locked storage area. Avoid contamination of feed or foodstuffs. Store in original container. **DISPOSAL: If Empty: Nonrefillable container.** Do not reuse or refill this container. **If Partly Filled:** Call your local solid waste agency for disposal instructions. Never place unused products down any indoor or outdoor drain. **LIMITED WARRANTY AND DISCLAIMER:** Buyer assumes all responsibilities for safety and use not in accordance with label directions.

PRECAUTIONARY STATEMENTS: Hazards to humans and domestic animals. **CAUTION** Harmful if swallowed. Harmful if absorbed through skin. Harmful if inhaled. Avoid breathing vapor or spray mist. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Remove and wash contaminated clothing before reuse. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using toilet. **ENVIRONMENTAL HAZARDS:** Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters or rinsate. **PHYSICAL AND CHEMICAL HAZARDS:** Do not mix with oxidizing chemicals.

FIRST AID

If Swallowed:

- Call a poison control center or doctor immediately for treatment advice.
 - Have a person sip a glass of water if able to swallow.
 - Do not induce vomiting unless told to by a poison control center or doctor.
 - Do not give anything by mouth to an unconscious person.
- If on Skin or Clothing:
- Take off contaminated clothing.
 - Rinse skin immediately with plenty of water for 15-20 minutes.
 - Call poison control center or doctor for treatment advice.

If in Eyes:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call poison control center or doctor for treatment advice.

If Inhaled:

- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferable mouth-to-mouth if possible.
- Call a poison control center or doctor for further treatment advice.

Have product container or label with you when calling a poison control center or doctor or going for treatment.
