

### Application:

First time use on established potted plants, flush growing medium very well with Z<sup>7</sup> treated water. Thereafter, use in every gallon of water or feed. Field growers use as often as possible. For injection systems, dose each Z<sup>7</sup> part separately.

### Directions for Hydroponics & Aquaponics:

First use on established plants, flush each plant site with Z<sup>7</sup> treated water. Apply Z<sup>7</sup> at nutrient tank change and apply Z<sup>7</sup> every 3-4 days thereafter.

### Directions for Potted Plants in Soil:

First use, flush each plant site with Z<sup>7</sup> treated water. Apply at every plant feeding or watering thereafter.

### Directions for Outdoors in Soil:

If possible deep water with Z<sup>7</sup> with first use. Apply as often as possible.

### Directions for Tea Manufacturing:

Use ½ tsp (2.5ml) per gallon of water.

### Standard Dosage:

Use ½ ml (½ cc) of each part for every gallon of nutrient solution or water. Use 1 tsp (5ml) Part 1 and 1 tsp (5ml) Part 2 for every 10 gallons of nutrient solution or water.

**2 Part Enzyme Cleanser  
For Roots, Growing Mediums & Equipment**

1 Quart (946.353 ml)  
2 Part Set Treats 1,892 Gallons

### Active Ingredients:

Natural Enzymes.

### Dispose:

Take to official waste disposal center.

THIS PRODUCT IS NOT A PLANT FOOD

Z<sup>7</sup> cleanses inanimate Bio-film from Roots and Soil. Cleanses Hydroponic and Aquaponics tanks, pipes and filters. Use Z<sup>7</sup> to flush growing mediums of unwanted mineral build-up. Z<sup>7</sup> is used continuously throughout the plant's life. May be used to in the manufacturing of teas.

### Z<sup>7</sup> Compatibility:

Compatible with any Plant Food or Mycorrhizae/Bacteria supplement. Z<sup>7</sup> will not hurt equipment.

**Do not freeze this product.**

### CAUTION:

Not for human consumption. Keep out of reach of children. In case of eye contact, rinse with water. Use only as directed. Buyer assumes all risks when product is not used as directed.

Allergy Alert! This product contains citric acid.

**Super Concentrated  
Natural Ingredients  
Suitable for all Edible Plants**
